BARNES®

Professional Plumbing

SP33 1/3hp
SP50 1/2hp
SP75 3/4hp

Barnes SP33, SP50 & SP75 sump pumps feature low cost, high performance benefits from a rugged, heavy duty design. With upper and lower ball bearings and a heavy duty cast iron vortex impeller, Barnes SP33, SP50 & SP75 sump pumps are robustly designed for long operational life and dependable service. They are further enhanced by a stainless steel shaft and silicon carbide seals.

Best Performance In The Industry

- Maximum flow rate to 80gpm (SP75), 66gpm (SP50), 50gpm (SP33)
- Maximum shutoff head of 33'
- Permanent split capacitor motor for reliable, high performance, longer motor life, greater starting torque, and lower amp draw
- Outperforms most competitors
- Stainless steel hardware and shaft

Interchangeability With Other Sump Pumps

- Barnes sump pumps save time and replacement costs because they are interchangeable with competing sump pump models. They require no additional plumbing when replacing most competitors' pumps.

Design Options

- Vertical or tethered floats – Easily adjustable for varying conditions. Manual operation model available if preferred.
- Piggy back mounted switch – Eliminates need to pull pump to check for switch failure.

Vertical float switch has a manufacturer's 3 year limited warranty.

PUMPS

BARNES®

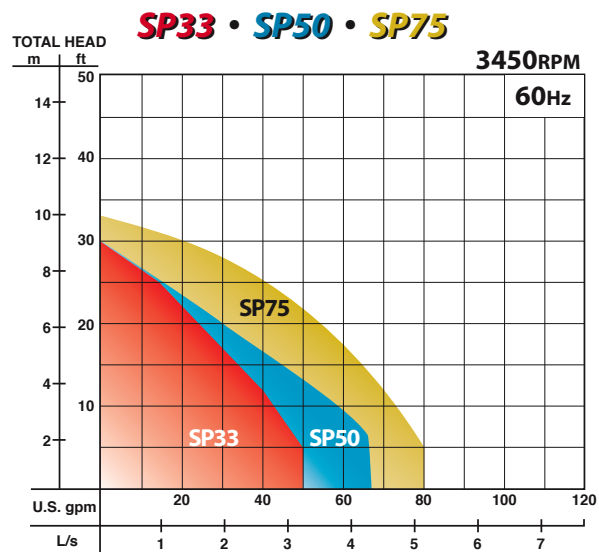

Professional Plumbing

Compact Design

Enables pump to fit into 5 gallon buckets or tray systems.

Additional Pump Features

- Cast iron vortex impeller
- 1/2" spherical solids capacity
- Permanent split capacitor motor
- Automatic thermal overload protection
- Upper and lower ball bearings
- CSA C/US listed
- Stainless steel shaft and hardware
- 12 month limited warranty
- Heavy duty industrial Type 21 silicon carbide seal
